Patents:

Morgan, J.R. and Mulligan, R.C. United States Patent #4,868,116, "Introduction and Expression of Foreign Genetic Material in Epithelial Cells." Issued September 19, 1989.

Morgan, J.R. and Mulligan, R.C. United States Patent #4,980,286, "In Vivo Introduction and Expression of Foreign Genetic Material in Epithelial Cells." Issued December 25, 1990.

Pins, G. and Morgan, J.R. United States Patent #6, 479, 072 "Microfabricated Membranes and Matrices" Filed February 10, 2000, Issued November 12, 2002.

Lee, W., Yarmush, M., Morgan, J.R. "Methods for Removal, Purification and Concentration of Viruses, Methods of Therapy Based Thereupon" United States Patent #6, 861, 001. Issued March 1, 2005

LeDoux, J.M., Yarmush, M.L, Morgan, J.R. "Selective Precipitation of Viruses with Polymers" United States Patent #6,884,613. Issued April 4, 2005.
