PUBLICATIONS (Peer reviewed)

14. delaRosa RE, Hennessey JV. Hypogonadism and Methadone: Hypothalamic Hypogonadism after chronic use of high dose Methadone.
Endocrine Practice. 2:4-7, 1996.

Other Peer-Reviewed Publications

BOOK CHAPTERS:

Other non-peer reviewed Publications

3. Hennessey JV: Thyroid patients target of unfair practices. Thyroid;15(2)179-80, 2005.

ABSTRACTS

1. Hennessey JV, Glass AR, Evaul J, Szkutnik A, Barnes S, Vigersky RA
   Inhibition of Cockscomb Growth: A Bioassay for Topical Anti-Androgens.

2. Hennessey JV, Burman KD, Wartofsky L: Equivalency of Two
   Brand Name L-Thyroxine Preparations. (ORAL) Society of Air Force

3. Hennessey JV, Evaul J, Tseng YC, Burman KD, Wartofsky L-
   Levothyroxine Therapy: A Re-evaluation of Dosage Requirement. (ORAL)
   Up date in Internal Medicine ACP Course, Letterman AMC San Francisco,
   CA 9 October 1985.

   BG, Smallridge RC: Cholinergic Suppression of TSH Secretion:
   Therapeutic Applications. Int. Congress of Neuroendocrinology, S.F. CA

5. Morrison RT, Hennessey JV: Hyperthyroid Graves' Disease Following
   Possible Painless Subacute Thyroiditis. (ORAL) Society of Air Force

6. Brown CA, Hennessey JV: Clinical Significance of Mildly Elevated TSH
   Levels with Normal Thyroxine Levels. (ORAL) Society of Air Force

7. Harper DC, LaCivita K, Hennessey JV, MacDonald SD: FSH Secreting
   Pituitary Macroadenoma with Secondary Hypogonadism in the Face of
   Normal LH Reserve. (ORAL) Air Force Regional ACP Meeting, N. O., LA,
   March 1987.

8. Bustamante MA, Hennessey JV, Teter M, Warner BA, Stachler R
   Inpatient Bedside Glucose Monitoring: Accuracy and Clinical Utility

9. LaCivita KA, Hennessey JV: Prevalence of Increased
   1,25 Dihydroxycholecalciferol Levels in Surgically Proven
   Hyperparathyroidism. (ORAL) Society of Air Force Physicians Regional

    in Subclinical Hypothyroidism. (ORAL) Society of Air Force Physicians
    Regional ACP Meeting. San Antonio, TX, February 1988.

11. Hennessey JV: Medullary Carcinoma of the Thyroid in Association
    with Cowden's Disease. (ORAL) Society of Air Force Physicians ACP

12. Exstrum TD, Conte FA, Reasner CA, LaCivita KA, Hennessey JV,
    Constant RB: The A.F. Experience with Parathyroid Subtraction
    Scintigraphy an update. Soc. AF Physicians, ACP Regional, Bethesda MD.5
    Mar 1989. (ORAL)

13. Hennessey JV, Goldenberg K, Markert RJ, Mieczkowski LE, Barnes HV
    Clinical Learning and Use of Computerized Literature Searching by

Calculation of a Free Cortisol Index Using the T3 Resin Uptake and the Total Cortisol Levels as a Method of Estimating Free Cortisol Concentrations. Sigma XI Research Colloquium, 21 May 1992, Wright State University, Dayton, OH.

27. Hennessey JV, Markert RJ, Barnes HV: Selection of Internal Medicine Residency Training is Influenced by Participation in an Ambulatory Care Component of an Internal Medicine Clerkship. Research in Medical Education at the 103rd Annual Meeting of the Association of American Medical Colleges. 11 Nov. 1992, New Orleans, LA. (ORAL)
